CSEC ACTION TEAM

- Multidisciplinary body
  - Co-Chairs: Diana Dooley, Secretary of the Dept. of Health & Human Services & Leslie Heimov, Executive Director of Children’s Law Center of California
  - 50+ members: diverse geographically and substantively
  - Members contribute to all resources for counties and meet quarterly for report-outs, learning opportunities

- Activities
  - Research & surveys
  - Resources & guidance for ALL counties
  - Ongoing collaboration with the State, anti-trafficking coalitions
  - Training
CSEC Program

- SB 855 (2014)
  - Clarified Welfare and Institutions Code (WIC) § 300
    - CSEC may be served through child welfare system as victims of child abuse and neglect
  - Created the CSEC Program
    - Opt-in program requiring participating counties to serve identified and at-risk CSEC through a coordinated, MDT approach
    - Implementation in FY 2015-2016
      - June: County Plans
      - September: 20 counties Tier II*; 15 Tier I
      - October: Tier II protocols
Preventing and Addressing Child Trafficking (PACT)

- 5 year (2014-2019) federal grant through U.S. HHS-ACF
- 10 participating counties
- Addresses child sex and labor trafficking within the California child welfare population by:
  - Bolstering existing multidisciplinary collaboration across state and local partners
  - Creating a shared learning environment as a microcosm
  - Developing and implementing a best practice program model which includes protocols, tools and trainings
  - Collecting data, evaluating outcomes and sharing results
- 8 counties are both PACT & CSEC Program Tier II
Strategic Collaboration Across Initiatives

- **Action Team-PACT-CDSS**
  - Action Team creates resources with PACT, CDSS and county input
  - Action Team shares resources with counties (often through CDSS)
  - PACT and/or CSEC Program counties implement these resources or use them to inform their interagency protocols
  - Counties provide feedback to PACT and the Action Team on the utility of the resources, on-the-ground challenges and opportunities
  - PACT/AT collaboration informs State and internal CDSS policy regarding child exploitation

- All counties benefit from AT-PACT-CDSS collective expertise as they adapt to recent policy developments
ACTION TEAM RESOURCES

- Model Framework
  - Background & Purpose
  - Model Interagency Protocol Framework

- CSEC Practice Guidance Toolkit
  - Memorandum of Understanding Template for CSEC Program

COALITION AGAINST SEXUAL EXPLOITATION (CASE)

COALITION AGAINST SEXUAL EXPLOITATION:
A COLLABORATIVE EFFORT TO ADDRESS THE COMMERCIAL SEXUAL EXPLOITATION OF CHILDREN IN SAN BERNARDINO COUNTY

ANNE-MICHELLE ELLIS
HELEN PARROTT
“A plea to help a young victim of child prostitution”
by Wesley Hughes, San Bernardino Sun, 3/22/09

“It was the first public meeting of the Coalition Against Sexual Exploitation, which had been established by District Attorney Michael A. Ramos. He said he had heard enough of my harping for a leader to come forward in the campaign against child sexual abuse, so he decided to be that leader.

When you look at it, DeAndra, that whole dang meeting was about you...”

SAN JOAQUIN COUNTY

COMMERCIALLY SEXUALLY EXPLOITED CHILDREN (CSEC) PROGRAM

TASHA DUNHAM
LIBBY GAEDTKE
JOHN GRECO
San Joaquin County has a unique combination of factors that make the area vulnerable to human trafficking. The geographic location, the high number of runaway and homeless youth, and the prevalence of gang activity create a perfect storm that encourages and facilitates trafficking. Several major north/south (I-5, CA-99) and east/west highways (I-205, CA-4, CA-12) and arteries cut across San Joaquin County making it easy for youth to be trafficked through Stockton to other cities in the Central Valley, as well as to the Bay Area, Southern California and Nevada. Many of the known Dependent trafficked youth from SJC have been detained by law enforcement in locales ranging from Oakland to Anaheim to Las Vegas.
A local non-profit (Women’s Center – Youth and Family Services) started the San Joaquin County Human Trafficking Task Force (SJCHTTF) and invited a wide spectrum of local government and community organizations to participate.

The task force has workgroups that meet outside of the monthly full task force meetings. All task force members are on a workgroup, but workgroup members are not all part of the larger task force.

Workgroups are:
- Advocacy
- Education/Outreach
- Volunteer
Benefits of SJCHTTF

- Began the conversation in the community about CSEC
- Kept the Task Force apprised of what was happening in Child Welfare and kept Child Welfare apprised of the Task Force efforts
- Brought in training
- Identified resources and worked on protocols for responding to victims
- Developed presentations for outreach and education
- Designed brand and logo used for Billboards, Bus ads, posters, brochures, etc.
Accomplishments of SJCHTTF

- Built collaboration between Probation and Without Permission
- Dignity Health special screening to all emergency rooms-trainings
- Implementing Grace City App for San Joaquin County
- Established Pro Bono legal assistance
- Secured over $85,000 in funding the first year
- Successful prosecution of human trafficking
- Looking at approach in a different way
- Identified what resources do exist in San Joaquin County and State
- LE Protocol Developed
- Helpline established

Children’s Services

- CSEC Interagency Committee:
  - Children’s Services
  - Probation
  - Juvenile Court Judge
  - District Attorney’s office
  - Behavioral Health Services
  - Public Health

- Projected activities with CDSS support will include; identification, recruitment and engagement of CSEC survivors to provide outreach and education to foster children and caregivers, county and community staff serving children who are victims or at risk of commercial sexual exploitation, and; contracting community-based organizations and/or designating county staff trained and specialized to provide case management support to such children and their families and/or caregivers.
Identification & Assessment

- Along with other PACT counties, we are participating in the pilot of the Commercial Sexual Exploitation - Identification Tool (CSE-IT). Permanent Placement, Treatment and Voluntary Family Maintenance units were identified to use the tool.

- Child and Adolescent Needs and Strengths - Commercial Sexual Exploitation (CANS-CSE) tool – Behavioral Health Services clinicians co-located in the Children’s Services agency will be trained in the CANS-CSE tool and conduct the assessments.
Challenges

- Data collection regarding CSEC victims and “at risk” CSEC youth.

- Identification and recruitment of CSEC survivor for the Interagency committee, Multidisciplinary Team participation and direct service.
