What does Non Binary Mean?
Non Binary

• Umbrella term for people with gender identities that fall somewhere outside of traditional concept
• Recognized by cultures throughout history and around the world
• Research shows frequent discrimination, harassment and violence in education, employment, health care and law enforcement
Non Binary

An Umbrella term for a person who identifies with or expresses a gender identity that is neither entirely male or entirely female

State Vs Federal Gender
State vs Federal Gender

While California has adopted Non Binary as a third gender designation, the Federal government recognizes only Male and Female for documentation purposes.
Example

A customer presents a State of California ID with ‘Non Binary’ indicated (ID will have an X listed) as their gender.

However, the Social Security Administration (SSA) has ‘Female’ on file as the federally reported gender.

Key Elements to LGBTQ+ Customer Service

• Be Respectful
• Keep the questions related to business need
• Do not use terms like “Weird” or “Uncomfortable” when asking questions related to SOGI information gathering
• Non Binary is a Gender
• LGBTQ+ customers must be treated the same as others
Requesting Pronouns

• Do not assume someone's pronouns
• Ask for their pronouns
• Use the appropriate pronoun during the conversation/interaction
• If the incorrect pronoun is used in error, just correct and move forward.
Sexual Orientation and Gender Identity (SOGI) Training
Training Approach

In Sacramento County, we wanted to better equip and build staff’s confidence in serving the LGBTQ+ community. We facilitated this by a County wide in person mandatory SOGI training.

Training Included:

• Handouts
• Hands on Activities
• Group Discussions
All About the Data

We wanted to measure the effectiveness of the training and the impact it had on staff.

• Staff Survey
• Data Collection Reports
• Additional SOGI Trainings
