MARTINEZ, Calif. (March 13, 2017) – Katy and Ron Cisco exemplify caring and committed foster parents, the type the state is looking to recruit. “Many say that fostering changes the life of a child,” says Katy Cisco who, with her husband, united and adopted two siblings. “But we can definitely say it has changed our lives too.” This holiday season the Ciscos will be

Got some good stories for you!

A growing number of homeless and at-risk female military veterans are being helped at the **East Bay Stand Down** going on now thru Sunday (**Sept.13-16**) at the **Pleasanton Fairground** release. Below are several stories within the story.

→ **Homeless and at-risk female military vets** are coming to the East Bay Stand Down with children in tow. They will be housed in a separate camp and will receive services for their children. This is a story that deserves some attention.

→ **Larry Wallace DDS created a system on which dentures can be made in a very short time.** <http://larelldentures.com/index.php?p=about>
He plans to take it to Stand Downs across the Country and provide dentures for Veterans who would never have dreamed that they could have teeth again, let alone look good in the first. Everything is DONATED. Another dentist will create the dentures at the Camp and the Veteran will walk out of the dental area with a full set of beautiful teeth.

→ **Equine Therapy For Vets**
