

EL DORADO COUNTY

CHILD WELFARE SERVICES (CWS) - MARK CONTOIS, JEFFREY MCKAY,
JOAN BARBEE
PROBATION - KARLA KOWALSKI

- Our county's first identified CSEC case was in 2010.
- This led to conversations with our former and current director regarding the establishment of a County CSEC multi-disciplinary team (MDT).
- This set the stage for the Task Force, but we knew our first step had to be changing the conversation.

CUSTODY & INTAKE PROCESS

- Our process is a two-phase model:
 - Phase 1 – The CSEC Warrant (in draft), Missing Persons Form, BOLO, and CWS/CMS CSEC Alert address the minor's AWOL status.

CSEC SERVICES

- The case is staffed to determine the least restrictive placement relative to the youth's identified safety factors and treatment goals.
- When the youth is located they are medically cleared and receive a mental health evaluation.
- Case management for the CSEC youth is transferred to our CSEC social worker.
- County specific therapeutic resources are the first options considered, and we rely heavily on our partnerships with County Mental Health and local CBOs.
