Our county’s first identified CSEC case was in 2010.

This led to conversations with our former and current director regarding the establishment of a County CSEC multi-disciplinary team (MDT).

This set the stage for the Task Force, but we knew our first step had to be changing the conversation.
THE EL DORADO COUNTY CSEC TASK FORCE

- El Dorado County Health & Human Services Agency
  - Child Welfare Services
  - Public Health
  - Mental Health
- El Dorado County Probation
- El Dorado County Office of Education
- El Dorado County Child Abuse Prevention Council
- Court Appointed Special Advocates (CASA)

- El Dorado County District Attorney’s Office
- El Dorado County Sheriff’s Office
- El Dorado County Counsel
- El Dorado County Public Defender’s Office
- Placerville Police Department
- South Lake Tahoe Police Department
- Marshall Medical and Barton Memorial Hospital
The Task Force utilizes a Victim Centered Model.

The Task Force is administered by CWS.

CWS, Probation, or Law Enforcement are the lead agency depending on the status of the youth.

The Task Force established an MOU (in re-draft) between the participating agencies, and operates under protocol (in re-draft) developed through collaboration with our partner agencies.
Our process is a two-phase model:

- **Phase 1** – The CSEC Warrant (in draft), Missing Persons Form, BOLO, and CWS/CMS CSEC Alert address the minor’s AWOL status.

- **Phase 2** – The MDT case management process brings stakeholders together for collaboration at all stages of the process.

The case is staffed to determine the least restrictive placement relative to the youth’s identified safety factors and treatment goals.

When the youth is located they are medically cleared and receive a mental health evaluation.

Case management for the CSEC youth is transferred to our CSEC social worker.

County specific therapeutic resources are the first options considered, and we rely heavily on our partnerships with County Mental Health and local CBOs.
