

April 4, 2018

The Honorable Richard Pan, Chair
Senate Budget & Fiscal Review Sub. No. 3
State Capitol, Room 5019
Sacramento, CA 95814

The Honorable Joaquin Arambula, Chair
Assembly Budget Subcommittee No. 1
State Capitol, Room 6026
Sacramento, CA 95814

Re: Family Urgent Response System – SUPPORT

Dear Governor Brown, Legislative Leadership, and Budget Conferees,

We are writing in support of the Family Urgent Response System, a \$15 million budget proposal in 2018-19 and \$30 million ongoing, to support foster youth and their caregivers. The purpose of this Response System is to provide foster youth and their caregivers with the immediate support they need during times of emotional crisis, and link youth and families to needed supports and services to help stabilize the situation. This Response System supports the goals of the Continuum of Care Reform (CCR) to provide timely, in-home supports and services to help families thrive.

Children and youth in the foster care system have often experienced trauma that manifests in behaviors that can become overwhelming to their caregivers. Caregivers may feel their only option is to contact law enforcement, which can result in the criminalization of foster youth. Caregivers may feel forced to give up their foster youth, which in turn leaves the youth feeling even more abandoned and traumatized. CCR envisions that all foster youth and caregivers receive immediate and timely supports and services regardless of the placement setting, to support long-term permanency and improved outcomes.

The Family Urgent Response System would provide current and former foster youth and their caregivers with immediate supports, by: (1) establishing a statewide, toll-free hotline available 24 hours a day, 7 days a week, for caregivers and youth who are experiencing emotional, behavior or other difficulties and need immediate help. The hotline will be staffed with operators trained in conflict resolution and de-escalation who will provide immediate assistance to help defuse the crisis and determine whether mobile, in-home support is needed; and (2) requires counties to establish mobile response teams to provide face-to-face, in-home response on a 24/7 basis to help stabilize the living situation, assess the caregiver's and child's needs and develop a plan of action. Counties will provide the family with ongoing services through the existing local network of care.

The Family Urgent Response System for foster youth and caregivers will help address traumatic experiences for foster youth, reduce law enforcement calls and needless criminalization of youth, and prevent placement disruption. Stabilizing placements will promote healing and bonding for foster youth and their caregivers and support the permanency goals as envisioned by CCR.

For these reasons, we support the Family Urgent Response System.

Sincerely,

The Undersigned Organizations
