We Believe Statements

• We believe families can keep their children safe with support. (and if they can’t…)
• We believe children should be cared for in a familiar, nurturing, and safe environment. (and while they are in care…)
• We believe every child is entitled to thrive through stability, family connections, quality treatment, and a voice in planning.
• We believe, through partnership and support, parents can grow and change in order to safely parent their children. (and if the children cannot return home…)
• We believe all children deserve a sense of belonging, and a permanent, unconditional commitment in a lifelong family.

Thoughts on Recruitment

Staffing growth doesn’t stop after hire

• Building a strong workforce
• Hiring with a department wide lens, not just filling vacancies
The 3 R’s of Recruitment

Recruitment starts with **Relationship**
- With HR, Inter-Agency Departments, Current Staff
- Candidate

Recruitment needs to be **Relatable**
- The bigger picture, the “why” to Candidate
- The bigger picture, the “why” to HR

Recruitment can be enhanced by the use of **Resources**
- Staying current in Job Description and Analysis
- "A Day in the Life of a Social Worker"
- Dear Candidate Letter
Dear Child Welfare Social Worker Candidate:

Congratulations! You have applied for one of the most rewarding, exhausting and meaningful careers – Child Welfare Social Worker. You have worked hard in school, learned a lot and this job may almost feel like another education to you. There may be days you are exhausted by the fast pace of this multi-tasking profession. You may feel your heartbreak when you enter homes you never thought could be so unsanitary. Often Child Welfare Social Workers are exposed to painful and sometimes tragic circumstances for children and families that can result in secondary trauma. However, we hope that you, as a Child Welfare Social Worker, will also see the strength of the human spirit, the love between families and the commitment to keeping them together.....
